

## Westfield Landscape Update – April 2024

- As of April 1<sup>st</sup>, we are back to weekly mowing. This will take place on **Tuesdays** for both Somerset and Westfield.
- The sprinklers have been turned back on. Currently they are running 2 times per week at 80% capacity. Nick, from Island Coast, monitors these on a regular basis to ensure we are getting the appropriate water.
- Patrick, from Island Coast, has been conducting monthly wet checks and has made repairs as necessary.
- We continue to work on improving the grass in our neighborhood.
- If you would like to make a “Do Not Trim” request, please contact Holly at Island Coast. She can be reached at 239-694-2541.
